ATCO Structures' Spruce Grove Plant Awarded ISO Quality Management Certification

Calgary, Alberta -- ATCO Structures today announced that its Spruce Grove manufacturing plant has successfully completed the International Organization for Standardization (ISO) 9001, Quality Systems - Model for Quality Assurance in design, development, production, installation and servicing certification, and has officially received ISO 9001:94 certification.

During 2001, ATCO Structures' Calgary plant was also awarded ISO 9001:94 certification and ATCO Structures (Australia) received ISO 9002:94 certification. ATCO Structures is actively working towards ISO certification of its other worldwide office/manufacturing locations.

"As ATCO Structures' business operations continue to increase worldwide, ISO certification becomes increasingly important," said Walter Kmet, President and Chief Executive Officer, ATCO Structures. "This achievement reflects our ongoing commitment to providing our clients with products of exceptional quality."

ATCO Structures Inc., part of the ATCO Group of Companies, has manufactured, sold and leased workforce housing and modular buildings since 1947 to more than 100 countries around the world. The ATCO Group is a worldwide organization of companies engaged in power generation, utilities, logistics and energy services, industrials and technologies.
